

MPI Resources to assist in teaching Road Safety

Learning Resources:

- **Curriculum-based Road Safety Learning Resources:** In 2000, MPI worked with Manitoba Education, Training and Youth to develop a comprehensive set of Road Safety Learning Resources to assist in teaching road safety to Manitoba students.
- These resources are aligned with the **Kindergarten to Senior 4 Physical Education/Health Education: Manitoba Curriculum Framework of Active Healthy Lifestyles.**
- The structured Kindergarten – Grade 10 school-based program is divided into three (3) main components: 1. Kindergarten to Grade 4; 2. Grades 5 to 8; 3. Grades 9 and 10.

If you wish to conduct a cycling training on your own, here is some information that can help you and is available upon request through **Road Safety Issue Specialist – Chris Matthewson** (cmatthewson@mpi.mb.ca)

- **Cycling Safety Program Facilitator Binder:** A facilitator's guide for individuals to develop and host a bike rodeo event for children and a presentation to adults on cycling safety. The binder includes digital Power Point presentations of the child and adult material as well as sample "I Cycle Safely" and "Bike Safely" brochures. Available to schools, community groups and workplaces **free of charge.**
- **Bike Safety Course Activity Kit:** This kit contains all the equipment necessary for a facilitator to organize and facilitate a bike rodeo. 10 kits are available for loan to interested organizations.
- **Cycling Champion training** - Cycling Champion training is a **free**, full-day workshop that provides you the information to cycle safely and the tools to share this knowledge with others. See link for additional information:
